

POWERED

# Opportunity Scholarship

The PowerED Opportunity Scholarship has been established to support individuals interested in pursuing a career in technology, who may face financial barriers.

## **Eligibility Criteria**

To be eligible for the PowerED Opportunity Scholarship, applicants must meet the following criteria:

1. Residency: Applicants must currently reside in Canada.
2. Legal Status:
  - Canadian Citizenship: Applicants must be Canadian citizens.
  - Permanent Residency: Applicants must be permanent residents of Canada.
  - Protected Person: Applicants who have been granted refugee status in Canada are eligible.
3. Work Authorization: Applicants must be legally entitled to work in Canada.
4. Age: Applicants must be at least 18 years old.
5. Language Proficiency: Applicants must be proficient in English. Documentation may be requested if secondary or post-secondary education was not completed in English.
6. Admission Tests and Interview: Applicants must successfully pass the training program admission tests and interview.
7. Commitment: Applicants must understand the dedication and commitment required to complete the intensive retraining program offered.

## Scholarship Details

- Scholarship Amount: \$6,000 CAD per recipient (bringing the total program cost down to \$6,495).
- Validity: Scholarship is only valid for courses starting in 2024. **Limited quantities are available and the scholarship may end at any time.**

## Selection Process

- Applications will be reviewed on an ongoing basis.
- Evaluation criteria include financial need, language proficiency, and readiness for the program.
- Recipients will be notified within 2 weeks of application submission.

## Application Process

- [Applications must be submitted here.](#)
- Supporting documentation (e.g., proof of residency, legal status) may be required.
- Personal statement (max. 500 words) should outline career goals and how the scholarship will support achievement.

## Contact Information

For more information or to apply, please visit our website or contact us at [athabasca@journeyedu.co](mailto:athabasca@journeyedu.co)

This scholarship fund aims to make our coding and data certificate programs more accessible to individuals interested in technology careers, regardless of their background. We believe that this will help bring more diversity and talent into the tech industry.
